ABOUT THE MAP

• Product Category: Stargazer

Brand New!

The Stargazer Map and Guides are the ideal resource for exploring space from our nearest neighbor, the moon, to the farthest reaches of the visible universe. Each Stargazer Map and Guide is printed on waterproof and tear-resistant material and includes awe-inspiring images of the moon, planets, and deep space. Wherever your eyes wander the sky at night, these maps will help guide you.

This Stargazer Map includes:

- Stars in Southern Hemisphere
- Seasonal star charts
- Tips for locating stars and constellations across the sky
- Constellations with their names and shapes
- Magnitude, or brightness of stars, star clusters, and other features visible in a clear sky
